

Dear Friends:

For the first time in history, we have convened in this year the Tapas World Championship, an event related to the most famous culinary mode in Spain. The City of Valladolid (located in the autonomous region of Castilla y León; one hour from Madrid by High-speed rail), has celebrated for 12 years the only Spanish Championship of Tapas.

In addition to the national contest, according with the global growing trend that Tapas involve, Valladolid will hold another competition among cooks who prepare this gastronomic format in other cities all over the world.

The winner of the competition, as the Tapas World Champion, will receive a prize of 6,000 euros, while the runners-up will get different awards.

We strongly urge you to communicate among your associates the possibility of participating in this contest; with the only conditions for participants of not having Spanish nationality and using the Tapa format in their restaurants.

We enclose with this communication the championship rules and the registration forms to fill out the applications.

Once the participants have been registered and selected, from the organization of the event we will arrange with them the travel plan from their country, to participate as finalists.

Be very welcome to join the biggest Tapas competition in the world.

Thank you very much for your attention and best regards,

Luis Cepeda
